Commissioner for Patents

See the attached paper concerning non-responsive amendment received to the previous Office Action.

DETAILED ACTION

Response to Amendment

1. The reply filed on 7/3/03 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): mark up copy is clearly inconsistent with the original claims. For example, claim 10 recites the limitation "stores" on line 1 of the claim, which is marked as being in the original claim, however, this limitation is not in the original claim as filed on 9/29/00; claims 11-13 and 15-19 recites the limitation "machine-readable medium" on line 1 of the claims, which is marked as being in the original claims, however, this limitation is not in the original claims as filed on 9/29/00. Furthermore, applicant asserts that claim 14 has been amended. However, no amendment is shown in the mark up copy. The applicant should underline newly added features and [box] features that are deleted. Lining through features to be deleted is not appropriate. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
